"A few days before Crow Dog was to be executed he asked permission to visit his home and say farewell to his wife and

c Charles A. Eastman, gives in the set and interesting though perhaps arbitassed statement of the red man's of honor, was our belief," he says, "that the forces are set on the following day the condemned man sent home under except of the deputy sheriff, who remained at the Indian agency, merely telling his prisoner to report there on the following days are considered. Therefore the child must be beauty of generosity ing is a part of every important, wife simply said that Crow Dog had desired to ride alone to the prison, and would

their garments. The mame ween on an or eldest daughter, distinctly implies all this, and a girl who failed in her charitable duties was held to be unworthy of self-assertion as in absolute self-control. The truly brave man, we contend, yields neither to fear nor anger, desire nor

odd Foreign Trade News,

From Consular and Trade Reports.

According to estimates, which are reliable though not official, the frog leg industry is worth to the province of Quebec at least \$100,000 annually. During 1909 the at least \$100,000 annually. During 1909 the "The old men, for their part, do their Montreal markets disposed of more than best to requite his liberality with a little speech in which they are apt to relate ably more than 50 per cent, were produced in this province. The local market prices

There are numerous rivulets and marshes host's ancestors, finally congratulating him upon being a worthy successor of an honorable line. Thus his reputation is won as a hunter and a feast maker, and almost as famous in his way as the great warrior is he who has a recognized great warrior is he who has a recognized in small quantities.

There are numerous rivulets and marshes used for shoes and boots, but now it is used chiefly in the manufacture of hand-during the proper season many boys and men earn a fair livelihood catching frogs. Occasionally there are brought here a few manatee or sea cow hides, which come from Mexico. These hides are shipped wet salted. The manatee hides him this erovince in which frogs abound, and during the proper season many boys and boots, but now it is used chiefly in the manufacture of hand-during the proper season many boys and during the proper season many boys and suitcases. in small quantities.

mame and standing as a 'man of peace.'

"The true liftdian sets no price upon either his property or his labor. His general higher price during the last few year the making of buffing wheels for polisherosity is limited only by his strength and ability. He regards it as an honor to be mink, and marten. There has been an increased demand for these furs lately, parely skins, which are tanned and made upon the marker of the making of buffing wheels for polishing purposes.

From Mexico also come a few tiger could be skins, which are tanned and made upon the marker of the making of buffing wheels for polishing purposes. selected for a difficult or dangerous ser-vice and would think it shame to ask for ticularly so in the case of the lynx. While While up into rugs any reward, saying rather, Let him whom I serve express his thank3 accordwhom I serve express his thank3 accordwas \$30.50; in both cases the average price was \$30.50; in both cases the average price ing to his own bringing up and his sense was about the same; even as late as 1908 the of honor. was \$9.50 and the average "Nevertheless he recognizes rights in price \$8.50. On account of the increased roperty. To steal from one of his own values of lynx furs they are not held for any rite would be indeed a disgrace and if length of time, but are shipped out in small

There is no more ideal spot in the world for automobiles than Tsingtau, China, with its fifty or sixty miles of excellent roads extending along the ocean front and into the adjacent mountains, which roads are greatly used in the summer by those spending their holidays at this famous Far Eastern resort. However, Tsingtau has only six automobiles, none of American make. While the rule is in the case of food, which is for automobiles than Tsingtau, China, with ways free to the hungry if there is none its fifty or sixty miles of excellent roads holidays at this famous Far Eastern resort. "The property of the enemy is spoil of many persons speak of buying automobiles the opportunity is so limited that they make the best of the situation and fall back on carriages, traps, dogcarts and other hicles. I believe that a cheap car of known quality could be sold here, but the safest way to introduce the machines would be unity to despoil the enemy; but in modern to form a connection at Shanghai and sell imes the practice of stealing horses from from that point, as the freight charges ostile tribes has become common and is between Shanghai and Tsingtau are reason

A Fairly Wet World From Fur News.

The Pacific Ocean covers 68,000,000 miles, the Atlantic 30,000,000 and the THESE Indian. Aretic and Anarctic 42,000,000. To stow away the contents of the Pacific it would be necessary to fill a tank one mile long, one mile wide and one mile deep every day for 440 years. Put in figures the Pacific holds in weight 948,-

figures the Pacific holds in weight 948,000,000,000,000,000,000 tons.

The Atlantic averages a depth of not
quite three miles. Its water weighs 325,000,000,000,000,000 tons, and a tank to
contain it would have each of its sides
430 miles long. The figures of the other
oceans are in the same startling proportions. It would take all the sea water
in the world 2,000,000 years to flow over
Niagara.

Cheap Oklahoma Houses. From the Cement Age

A builder of Oklahoma writes the shaper was called upon to pay the slayer was called upon to pay the naity with his own life. He made no the rempt to escape or to evade justice.

That the crime was committed in the paths of the forest or at dead of night. These by no human eye, made no ference to his mind. He was thoroughly navinced that all is known to the 'Great ystey,' and hence did not hesitate give himself up, to stand his trial by cold and wise men of the victim's an including heavy freight charges of '25 cents a hundred-weight drayage on all cement, lumber hardware and all other building material except sand. The cottages in question nardware and an other outding material except sand. The cottages in question have cement floor, steel ceilings, partition walls of hollow blocks, as well as outside walls. Although the roofs are shingled the contractor says that the whole structure is practically fireproof and constitutes a very substantial building.

Four Room Houses \$1 a Year. From the Christian Herald.

The Rev. J. F. Dickie, pastor of the American Church in Berlin, when in found a little city in the heart of the city that was shut in all by itself with two gates and is called the "Fuggerei." It is so called because the 10% houses within the convicted by the courts in heart of heart of the city because the 10% houses within the conviction he permitted remarkable liberty in the wealthy sixteenth century banker.

When he died he directed that these houses should be built and then given the wealthy sixteenth century banker.

When he died he directed that these houses should be built and then given to poor aged families for 4 marks and 12 pfennigs rental a year, that is exactly one American dollar. They have four rooms and kitchen, with a little front garden and a little garden behind. Augsburg, Germany, a few weeks ago

ODD SKINS AND HIDES

Brought to New York in Large Quantities From Latin America.

Among the many curious things to be found on the inward manifests of steamers trading between this port and Latin American countries are deer skins, of which many thousands are brought here annually

The deer skirs thus imported are gathered in Mexico and Central America and in the northern countries of South

principally dry.

From the countries to the south of the United States are brought annually some thousands of alligator hides, mostly from Mexico and the United States of Colombia, with some from Ecuador. These alligators are shot or are speared from boats. Alligator hides are shipped wet salted. If they were once dried they

clent, but in the countries from which the hides are now mainly brought alli-gators are diminishing in number. There are too many hunters and too many young alligators are taken. Formerly some alligator leather was used for shoes and boots, but now it is used chiefly in the manufacture of hand-
